Wood County Gives 2-1 Edge to Republicans in Nearly All Contests

Wood county, which gave the late Wendell Willkie a lead over President Roosevelt in 1940, followed the same pattern yesterday when this county gave Challenger Thomas E. Dewey a decided lead over President Roosevelt.

Mr. Dewey, however, won from Roosevelt by a much larger margin than did Mr. Willkie four years ago. The figures: In 1940—Willkie 9,054; Roosevelt 8,574. Yesterday—Dewey 12,786; Roosevelt 6,863.

This county also went predominantly Republican all down the line, with Governor Goodland and the entire state Republican ticket receiving thumping majorities. The nearest to a defection from the Republican trend was in the vote for United States senator, where the two-to-one Republican ratio was upset by the inroads of Howard J. McMurray, who tallied 6,926 votes to 8,830 for incumbent Alexander Wiley.

In this county, as throughout the state, the Progressive vote was very light, not sufficient even to be a decisive factor in determining the winners.

The Wood county vote, complete for all 54 precincts within this county follows:

FOR PRESIDENT	
Dewey	12,786
Roosevelt	6,863
FOR GOVERNOR	
Goodland (R)	10,234
Hoon (D)	5,179
Ben (P)	743
LIEUT. GOVERNOR	
Rennebohm (R)	9,912
Whalling (D)	4,603
Gates (P)	658
SECY. OF STATE	
Zimmerman (R)	11,477
Joyce (D)	4,076
Kirst (S)	71
Woeffel (I)	79
STATE TREASURER	
Smith (R)	10,316
King (D)	4,240
Johnson (P)	585
Benson (S)	78
ATTY. GENERAL	
Martin (R)	9,717
Keller (D)	4,621
Dieterich (P)	682
Davis (S)	95
U. S. SENATOR	
Wiley (R)	8,830
McMurray (D)	6,026
Sauthoff (P)	508
Uphoff (S)	60
CONGRESSMAN	
Murray (R)	10,372
Ludwig (D)	4,688
In the two county contests where there were races, for sheriff and county treasurer, the incumbent Republicans won by more than a 10 to 1 margin against the challengers. In both cases the challengers were men who ran in the independent column after defeat in the primary election on August 15.	
The totals, complete for the county's 54 precincts:	
FOR SHERIFF	
Becker (R)	12,445
Hanneman (I)	1,302
COUNTY TREASURER	
Kelly (R)	12,096
Adler (D)	1,265

County candidates, all incumbents, who were unopposed tallied the following totals: Clerk of Courts Jasper Johnson 12,544; Register of Deeds Henry Ebbe 12,971; Dist. Attorney Hugh W. Goggins 12,750; County Clerk J. A. Schindler 12,888; Assemblyman W. W. Clark 12,226; State Senator M. R. Laird (Wood county figures only) 11,958; Coroner H. G. Pomainville 12,781; Surveyor George Severns 12,558.

Wood county polled a larger vote than in 1940, the two top candidates for president receiving 19,649 compared to 18,228, the Willkie-Roosevelt total in November four years ago.

Jap Planes, Ships Blasted At Manila

U. S. Pacific Fleet Headquarters, Pearl Harbor—(AP)—Hundreds of carrier planes from the Third Fleet, in two knockout blows at Manila, increased to 1,000 the total Japanese aircraft they have destroyed and to 71 the warships they have helped sink or damage since Gen. Douglas MacArthur invaded the Philippines.

In his latest communique, Adm. Chester W. Nimitz said Saturday, Sunday blows by Hellcats, Helldivers and Avengers:

Destroyed 440 Japanese planes. Sank two warships (a sub chaser, a destroyer). Probably sank a heavy cruiser. Damaged eight other warships (a light cruiser, two destroyer escorts, five destroyers).

Sank three cargo ships and an oil tanker. Damaged 14 cargo ships and a trawler.

Neutralize Airfields. Blasted Nichols, Clark, Nielson, Lipa, Tarlac, Bamban and Mababac airfields, bases which must be kept neutralized to protect Yank invaders of Leyte.

Wiped out three oil storage areas, destroyed a railway engine and five tank cars and inflicted heavy damage on ground installations.

Nimitz Tuesday communique added 249 planes to the 191 he had reported destroyed Saturday. It added the destroyer to the warships sunk; two destroyers and two destroyer-escorts to the warships damaged.

"Figures on our own losses are not yet available," the communique said.

Catch Planes on Ground. Emphasizing air domination of the attackers over Manila, the raiders accounted for 227 of the 440 planes on the ground.

Most of the 72 enemy warships which have been sunk or damaged since MacArthur's landings were blasted in the second battle of the Philippines sea.

During that battle, 423 enemy planes were erased, most of them by carrier planes. Other enemy aircraft adding up to a total of at least 1,000 were bagged in carrier-based attacks dating back to Oct. 20.

The Saturday-Sunday blows constituted the first sizeable carrier assaults since Oct. 24, 1941, destroying 90 enemy aircraft, probably sinking a heavy cruiser and damaging two others.

Cpl. Alvin Jacoby Tells of Fighting Against Hitlerites

Cpl. Alvin Jacoby, son of Mr. and Mrs. Frank Jacoby, 1351 Irving street, describes in a letter to his parents just how stubborn the Germans are proving in their fight against the allies.

In Tank Corps. Corporal Jacoby is in the tank corps, having entered the armed forces in 1942, and he has been overseas for two years. He took part in the Tunisian campaign in North Africa, was at Sicily, England, Normandy, France, Holland, Belgium and is now somewhere in Germany.

Prior to entering the army, Corporal Jacoby was employed by Consolidated Water Power and Paper company. He has two brothers also in service, Pfc. Franklin Jacoby, in the air corps in Italy, and Mechanist's Mate Second Class Virgil, who is with the coast guard at Milwaukee.

Text of Letter. Corporal Jacoby's letter to his folks follows:

"Dear Folks: Received your letter yesterday of September 17, so will answer now. At the present I'm somewhere in Germany. It still doesn't mean much although it took us two years to get here, and hard telling how long it will be yet before they give up."

"I can tell you now that we fought some tough battles in France. The fighting in Normandy was the worst where we had to fight for each hedgerow, some of the places we've made are Carantan (that's where I met Bob Cahoun), Vire, that's where Donald Humphrey of Hancock got it—our tank was stuck and some Jerry tanks snuck up on them. That same night they cut us off, but the next morning we were rescued again. Two other bad places were Percy and Tessay. After we got through fighting there we took a city on the Seine river and that was a helluva hot spot. They shelled us for two days, we were right in town and they knocked buildings down on both sides of us. One place I wanted to see was Paris but the closest we got was 25 miles. Well this is about all I got for now, so better close.

Your loving son Al"

FLU WATCHERS. In order to detect the first signs of any flu outbreaks that may threaten U. S. troops, "influenza watches" have been established in Army units overseas and at home. If the flu watches do find the disease breaking out, their report will be the signal for vaccination of threatened units with the new anti-influenza vaccine now being prepared in large quantities.
