Romantic Piece of Junk

HAMTON, N.Y. (AP) — It may look like a down 1946 Ford covered with weeds. Actually "romantic conversation piece." "We're too fond of it," say Mr. and Mrs. Louis of Kattelville, a hamlet north of here. "It was in which we made our second honeymoon trip." The Smiths, aware of the law prohibiting abandoning automobiles, put the car in their pasture and keep trees that grow over it well trimmed.

RY'S WORLD

...ess we should have picked on a country that would have given us a chance — like America!"

Big Thrill

is now the second rainiest June in Wisconsin history and it seems to be trying harder. So far you're interested, the .08 inch of rain which fell brought the month's total to 7.58 inches. The is 9.96 inches in 1940 and the old second place as 7.43 inches in 1946. The weatherman sees occasional showers and thunders in the north, with showers likely in the tonight, followed by partly cloudy skies. Sun-ows tonight will be in the 50s, with highs Sunday 60s. The day's temperature range here was from a low of a high of 72.

limited; even so, fighter-bombers flew what tactical strikes they could and armed helicopters were pressed into action.

Early today B52 bombers, each of which carries 60,000 pounds of bombs, blasted the area where the airborne troops took a beating Thursday.

Troopers sweeping over the area Friday reported skirmishes with small groups of North Vietnamese troops. They said they found 75 Communist bunkers, more than half of them spattered with fresh blood.

U.S. headquarters said no significant fighting had been reported since midnight Friday.

Although some U.S. officers at the scene estimated that as many as 450 North Vietnamese troops were killed, an official communique issued in Saigon said: "No firm enemy casualty count has been reported."

Wounds Fatal To Marshfield Army Officer

MARSHFIELD — First Lt. Charles L. Johnson, 23, son of Mr. and Mrs. Herbert Johnson, Marshfield, died at 1:15 p.m. Friday in a Vietnam hospital of shell fragment wounds received in action against the Viet Cong.

His parents were personally notified of their son's death by an officer from Camp McCoy about 8 o'clock this morning. The body is expected to be returned to Marshfield next week.

Lt. Johnson was a graduate of Columbus High School, Marshfield, and St. Norbert's College, West De Pere. On Feb. 21, 1966, he received his commission in the armored branch of the Army Reserve and reported May 2, 1966, to Ft. Knox, Ky. He arrived in Vietnam May 1 of this year and was promoted to first lieutenant at that time.

Survivors include his parents, three brothers, five sisters, his paternal grandfather, and his maternal grandmother.

Today's Chuckle

Some wives leave their husbands and take everything. Others take everything but don't leave.

ARAB REFUGEES — Palestinian Arab carry their belongings with them as they prep across the wrecked Allenby Bridge over the River from the Israeli-occupied section of

Refugees Cha

AMMAN, Jordan (AP) — Palestinian refugees charged today that Israeli troops occupying the Jordan River's west bank are systematically deporting inhabitants of villages along the 1949 armistice line between Jordan and Israel.

Refugees, interviewed in their temporary quarters in an Amman school building, claimed villagers are being removed by force, intimidation and trickery.

Several refugees said they were threatened with death if they tried to return to their homes.

They said at least two villages on the western edge of the Israeli-occupied west bank region

have been leveled by demolition crews and others.

Other villages were destroyed and some young men taken away by Israeli troops, the refu-

Senate Dan

MADISON (AP) — The Senate has begun watering down the war on water pollution launched by the last legislature.

In a 23-10 split Friday, the Senate voted for a delay of at least six months in the scheduled shift of all water regulatory duties to the new Department of Resource Development.

The postponement was designed to permit action in the October session on a bill to allow the Public Service Commission (PSC) to keep the functions permanently.

The shift had been slated to take effect one week from today as part of the sweeping program for water pollution control passed by the 1966 legislature. The six-months delay still needs approval by the Assembly.

Arthur Padrucci, a former public state senate chairman of the PSC, lashed against any slash functions of his agency through the Kelleu by water measure. The Senate triggered wholesale of intensive lobbyin-
