CHICAGO POST**  
FIRST NATIONAL BANK BUILDING  
CHICAGO, ILLINOIS 3

November 18, 1943

Mr. Frank R. Walsh, Manager  
Ahdawagam Paper Products Company  
Wisconsin Rapids, Wisconsin

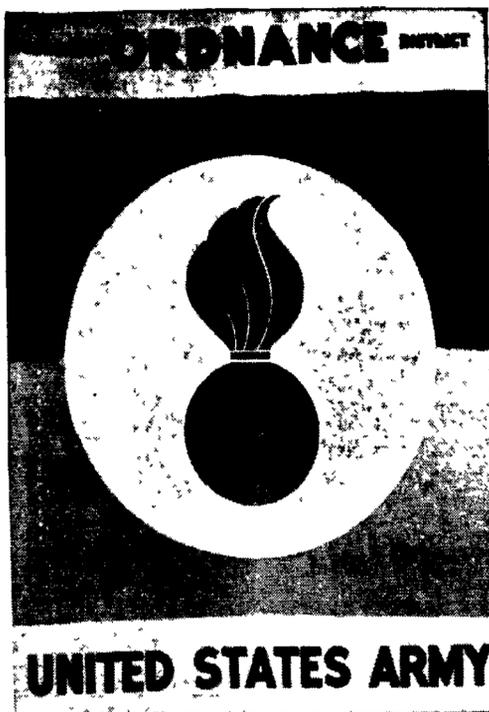

Dear Mr. Walsh:

This is to inform you that the Chicago Post of the Army Ordnance Association has awarded the employes and management of the Ahdawagam Paper Products Company the Army Ordnance Banner for meritorious production.

In spite of shortages, you are meeting schedules promptly. Your work on the M79 Core has been especially fine.

In recognition of your achievement, you are entitled to display the Army Ordnance Banner in your plant. Congratulations on your outstanding performance.

Sincerely yours,  
George B. Vidal  
for

Mr. George B. Vidal,  
Public Relations Officer  
Chicago Ordnance District  
38 S. Dearborn St.  
Chicago, Illinois

Dear Sir:

We are pleased to know that the men and girls in our organization have been awarded the Army Ordnance Banner for meritorious production and outstanding performance. This is gratifying to all of the people who have helped to earn this award because many problems were involved before we were able to make some of the products satisfactorily.

I am sure that this recognition and encouragement from the men in the army ordnance department will be an inspiration to continue the good work they have accomplished and to make further improvement whenever possible.

Yours truly,  
AHDAGAM PAPER PRODUCTS COMPANY  
Frank R. Walsh  
Manager.

F. R. Walsh  
VVA

**AHDAWAGAM PAPER PRODUCTS COMPANY IS EXTENSIVELY ENGAGED  
IN THE MANUFACTURE OF SUPPLIES, VITALLY IMPORTANT  
— TO THE WAR EFFORT —**

**The Past 15 Months, 80% Of Total Output  
Was On Essential War Work**

This production covers packing materials, tubes and containers of all sizes used by our armed forces, including weather proof containers and overseas packing boxes and shell tubes.

Much of this material is die-cut precision work and requires very close and careful attention. One of the departments in this precision work, last month registered 99% of production as government rated work.

**Vast Amounts Of Waste Paper Are Needed**

*In The Manufacture Of These Highly Essential War Materials*

**RIGHT NOW THERE IS AN ACUTE SHORTAGE**

Several mills were compelled to shut down entirely on account of this shortage — others are running only part time. The situation is critical! We urgently appeal to you to save every ounce of waste paper possible — do not burn it! Place your loose paper in cartons or bags — tie newspapers and magazines in easy-to-handle bundles. Your church and closest school are collecting scrap paper and will gladly pick up what you have — or take it to the local dealers — BOCANER and CO. or FRANK GARBER CO. You will receive highest market prices.
