## Lincoln High-Lites

### THE 1943 AHDWAGAMS ARRIVE

The 1943 Adhawagams have finally arrived at Lincoln high school. Weeks seemed to take their time in passing and students waited in anxiety for the day to arrive when the annual would be distributed.

"Ohs" and "ahs" were uttered as students gazed at their profiles in the pages of the book. Laughter and excitement buzzed through the halls of the school.

The annuals are unusually attractive this year. They have a red background, with printing and designing finished in gold on the cover, designed by Kathleen Berg, '44. Most of the students carried their annuals home as soon as they were given out, to give their parents an opportunity to see the school and its activities. After one day in the school the books were written full of expressions by the owners' fellow students, who wrote such sentences as "Luck and success," or "Hope to have you in class next year," or "Remember when—?"

Many of the fellows and girls had two or three pages filled with the handwriting of their best girl or favorite fellow. The parents, seeing the annuals a week later, were inclined to ask if it wouldn't be a good idea to issue scratch pads with covers on them.

Many of the men in our armed forces have brothers or sisters in school, and if these students send the annual to their big brothers we sincerely hope they enjoy seeing what is happening in the school they once attended.

### PAID ASSEMBLY

On Friday there was a timely story of Algeria and North Africa where American troops are stationed, told by one who has lived in the country and knows its people well. This man is Alonzo W. Pond who is a well known scientist, explorer, adventurer and lecturer. For a quarter of a century he has studied prehistoric and primitive people. He has also been an ambulance driver in the French army and later in the United States army in France. He led three expeditions to Algeria and Tunisia, making deserts, woods, swift rivers, and swamps his home. As he told his story and showed his exceptional pictures at the paid assembly, the Lincoln high school students lived his adventures as vividly as he himself. The students received him enthusiastically owing to the fact that he is a well informed and easy speaker, his pictures are superb and his material is well organized.
